Dare to Dream

The most unlikely events can be the most pleasant surprises. Like two perfectly settled and satisfied IT professionals setting up a school. It was destined to be superlative, since profit was never a motive but passion was. Sapna & Nitin Katiyar, both accomplished professionals, had been nurturing a dream of a school where kids could just be kids and not rote machines, creativity is nurtured and not killed, there are no boundaries for learning and trying new ideas and where kids breathe in a free flowing, energized environment.

It is a school of the 21st century where everyone is inspired to learn and come there because they love it and not because they have to. That in brief is the genesis of The Achievers School that took its first baby step in 2008, safe and secure from day one; bubbling with energy, wonderful workable ideas and grit to make it through, the school has grown from strength to strength. It is committed to provide the best quality education to kids of Nagpur and mentor them to be versatile human beings by exposing them to various walks of life, global best practices and innovative initiatives thus get them ready to take up challenges of life.

Backed on dedication, quality orientation, hard work and passion for education The Achievers team, once a dream of just two people, is today, a large family comprising Children, Parents, Staff and Associates, that is learning and growing by leaps and bounds. With several milestones covered & feathers to their cap the dream & expectations are now far beyond the horizon.

Message from the CENTRE HEAD

MRS. SHARMILA MUTHYE
Centre Head

Welcome to The Achievers Preschool. I take pride in introducing our preschool as a school which prepares children not just for today but for the 21st Century.

The education scenario today calls for a unique skill set which would make the child globally ready. Our exclusive curriculum has been researched and developed with this thought in mind and is a golden mean of the best of teaching pedagogies across the globe. Our school has been at the forefront of educational development since 2008 and has built a reputation for its quality work and futuristic vision.

I sincerely believe that a child's early learning experiences lay the foundation for a healthy learning pattern and behaviour which lasts a lifetime. A child learns best when valued, allowed to question, hence my experienced and caring team of well trained mentors focuses on delivering joyful, child centric and developmentally appropriate learning experiences catering to the multiple intelligences of every child. My staff and me also consider it our responsibility to foster a set of good values in every child and gently shape their minds to get them ready for a smooth transition to the high school.

I assure you of a happy and safe environment where your child will be allowed to learn from the heart rather than learn by heart and experience opportunities beyond the classroom to help your child become an independent learner, out of the box thinker, and a responsible and confident adult.

I believe that parents are equal partners in their child's education and cherish working closely with parents.

A strongly led school is led by many. With my committed and selfless team I can assure you that your child will be nurtured well. Together we will work to make your child a true **Achiever**.

I hope that this prospectus will encourage you to join us and I look forward to answering any queries relating to your child's school programme.

Achievers Advantage

Why choose.....

The Achievers Pre-school

Building a Strong foundation

- Scientifically Designed Curriculum
- Nurturing Multiple Intelligences
- Focus on Concept development
- Using Experiential learning methodologies
- Child Centric Approach and Personalized Education
- Safe and Stress-Free Learning environment

Nurturing 21st Century learners Since 2008

- Support Self Discovery – Learning by doing at the child's pace
- Self-expression - Focus on Language development
- Blossom as a Confident Individual
- Developing Self Learners
- Make learning Fun through Activity-based teaching
- Professional Sport and Dance mentoring
- Holistic development

Quality Care

- Trained and experienced Mentors
- Caring and Compassionate staff
- Individual attention to each child, low student to staff ratio
- Accept Parents are Partners in their child's education
- Safe, professional and age-appropriate Infrastructure
- Natural learning environment

Strong Foundation

Grounded on Global Best Practices and our principles of 'Individual Focus' and 'Compete with Self', we strive to develop a child's individual talent, creativity and communication skills which are essential for his/her success in the future world. Instilling ancient values, teaching essential life skills and developing right habits enables a child to adopt a lifestyle that creates a balance among all dimensions of life and attain complete wellness (body, mind and soul). All together they act as the greatest unifying forces in life and pillars of a strong foundation for responsible GLOBAL CITIZENS of tomorrow.

Achiever - *A Life Long Learner*

STRONG FOUNDATION FOR FUTURE

Perseverance

Have the tenacity to hold on to your aspirations against all odds

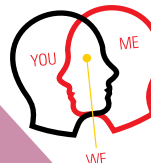

Leader

Imbibe strong ethics, rational decision making and leadership with a sense of team work

Empathy

Understand other's perspective and grow along

Integrity

Adhere to principles and righteousness

Achievers Philosophy

A child's first experience of being an independent individual starts from the pre-school. We make children the centre of our universe, and we firmly believe that their unique talent is waiting to be discovered. Children have an innate desire to know about everything they see around them. This concept is the driving force of our pedagogy. Therefore we create meaningful learning environments that empower children to become life-long learners. As children grow in this environment, they learn, explore, enquire, make discoveries and apply their understanding to become self-regulated lifelong learners.

The Achievers Pre-School facilitates thinking classrooms and also acts as an extension of the family, a new but small and safe world for the children. We nurture individual talents using play as an essential part of the Achievers education process.

Professional handling, motherly care, unique educational framework combined with best practises in the world offers the best quality pre-school education to the children in The Achievers Pre-School.

A young girl in a light blue school shirt and yellow lanyard is pointing upwards with her right index finger. She is surrounded by several large, colorful fingerprint graphics in red, green, and blue.

**CHILDREN ARE UNIQUE,
MAKING SURE THEIR UNIQUENESS
BLOSSOMS**

ACTIVE BODY

A vital part of the child's educational journey incorporates adequate physical activity and positive body experiences; these also help to catalyze the development of self-awareness and self-motivation in them.

THINKING MINDS

We at 'The Achievers' firmly believe that every child is unique, and thus we have a flexible framework that adapts to the strengths and interests of each child.

HAPPY SOUL

As educators, we strongly believe that happier kids are much more creative, aware, and show higher motivation in both individual and group activities.

Educational Framework

**PREFERRED FOR STRONG
FOUNDATION SINCE 2008**

Learning Pathways

LANGUAGE SMART

Learn through spoken and written words; reading, listening, speaking, and writing.

LOGIC SMART

Learn through reasoning, problem-solving, and numbers.

VISUAL SMART

Learn through visuals and organising ideas spatially: think in images and pictures and see things in one's mind.

BODY SMART

Learn through using self-physical strength and physical movements.

MUSIC SMART

Learn through songs, patterns, rhythms, instruments, and musical expressions.

PEOPLE SMART

Learn through interactions with others: Working collaboratively and cooperatively.

SELF SMART

Learn through feelings, values, and attitudes: understand other people.

NATURE SMART

Learn through understanding natural world while integrating with animals, plants and nature lovingly.

TECHNO SMART

Learn through using technology and logical thinking.

NURTURING MULTIPLE INTELLIGENCES

Teaching Methodology

ENQUIRE

The more a child questions, the more the child learns. Children are filled with an innate curiosity to explore and understand the immediate world around them. They are ready with a plethora of questions which need to be addressed scientifically. Keeping this in mind circle time for active informal interaction at the very onset of the day helps children speak their mind out and get the answers to the myriad questions brimming in their minds.

DISCOVER

Children, if left by themselves in a stimulating environment, are sure to explore the unknown possibilities. Play-based learning experiences inspire children's interests by creating classroom settings for self-discovery. The mentors only facilitate the learning by setting the environment with various materials, and children are free to select activities according to their interests.

GROW

Independence to learn at one's own pace and in a scientific manner that suits each individual's style of learning helps children grow into independent thinkers, acquire the required skill sets, develop the ability to make predictions analyse and solve problems. These lay the foundation of a sound mind and prepare the children for a lifetime.

SEE YOUR CHILD FALL IN
LOVE WITH THE SCHOOL

Events and Presentations

To help children express their skills and talents every year an array of presentations are planned where a child learns to compete with oneself and not others. Apart from the intra school presentations children also participate in various inter school competitions in art, sports, dance, dramatics and the like.

**HELP INSTILLING LIFE SKILLS,
ATTITUDES AND VALUES**

Celebrations and Festivals

Including festivals, celebrations, events and special dress days in the calendar make learning joyful and meaningful and help in the holistic development of a child. They spark a ray of joy, promote good values and help them connect to their culture, environment and above all to each other. This helps them develop their collaborative and communication skills too.

HELPING CHILDREN REMAIN ROOTED TO THEIR CULTURE AND TRADITIONS

The Achievers preschool also believes that family engagement and recreational activities play an important role in a child's emotional and social development and thus plans innovative family engagement activities, workshops, picnics and educational visits throughout the year.

Parents Engagement and Recreation

ALONE WE CAN DO LITTLE....
TOGETHER WE CAN DO SO MUCH

Achievements of Our Little Achievers

Being known for rendering quality education for over a decade, the school also has an impressive list of awards to its credit .

Aarna Bhasme won a gold medal in the under 6 category at the Inter school skating competition organised by the Somalwar school Maa Umiya.

Teachers

Caring and Compassionate

We as teachers, in whose care you place your child's early learning, take things forward; wearing several hats on the way; that of a guide, friend, & sometimes even of a parent and remain with them at every step of the way, facilitating new experiences, opening windows to the new world for them.
